## TUITION REFUND PLAN:

The Tuition Refund Plan provides significant protection from tuition liability in the event that a student does not complete the school year for any reason. The plan refunds a prorated tuition to families who have paid full tuition in advance. For those who pay tuition monthly or under the two payment plan, the insurance reduces their obligation to pay the full tuition for which they are liable from the first day of school. The cost is 2.1% of tuition/fees.

## TUITION PAYMENT OPTIONS:

Plan	Features
Plan A	A single payment, covering the entire year's tuition; discounted 2% if payment is made in full prior to July 1st.
Plan B	60% tuition in cash or check due on or before July 1st. Balance due on or before December 1st. Includes a service charge of \$12.00 per payment.
Plan C	10 automatic payments due the 1 <sup>st</sup> of each month from June 2013 through March 2014 administered by TADS Tuition Aid Data Systems™. Includes a service charge of \$12.00 per payment.
